

# 2<sup>nd</sup> Transnational meeting in Volos Greece, 08-14 January 2018

### Introduction

Names of international participants: Appendix 1

**International participants:** 11 Students – 08 Teachers

Local participants: 10 Students- 08 teachers

#### **Objectives of the mobility:**

- 1. Raise awareness of the integral part that healthy nutrition and a whole alike school approach play in children's health, well being and attainment.
- 2. Establishing the basic notions on healthy eating habits and how a healthy diet promotes school performance.
- 3. Establishing consumer awareness principles.
- 4. Promote a "pro-healthy food" attitude among children with lifelong expectancy.
- 5. During the exchange visit to partner school in Greece students will discover the benefits of healthy eating through presentations, worksheets, interactive tutorials on nutrition and its importance in their daily lives.
- Educational visits to local institutions specializing in the "Science Of Food", thus demonstrating the basics of nutrition, food history of the region, ingredients and food handling.

- Lectures by specialists on nutrition issues, so as to clarify notions and answer questions on healthy dietary habits, obesity and active lifestyle on "Ask A Nutritionist Day".
- 8. Creation of "Eatwell Plate" by students' international groups with the assistance of ICT skills, based on the knowledge they will have gained throughout their experience during the exchange visit in Greece.
- 9. In terms of a more active lifestyle, students will get closer to nature, discovering the benefits of rejecting a couch potato way of living, in favour of increasing their physical activity through invigorating walks in natural surroundings (nearby shore, Meteora Rocks).
